Getting Started

What happens when we move to competitive football?

After the end of the season for U11's – players are invited to attend the grading process – the dates and times will be listed on facebook

- Ages 12-16
- Brisbane Youth Premier League competition
- Various divisions from 1-7
- Girls only competitions

Team grading Process

The process of GRADING is to assess your current football level, so that we can place you in the respective Football Brisbane Competition

Ultimately, our objective is to ensure that you enjoy your football experience.

Teams are graded at an advised time and then football players are offered a place in the division that they have been graded to.

Team Coach

Coaches are generally selected from the previous year's coaches or have requested to coach the age group.

Manager

Your team managers are selected from the parents of the team.

.

Training days and times

Under 12 – train 1 to 2 times a week

The days and times are selected by the coach between Monday to Thursday.

This will be advised by your team manager once the coach has liaised with you team manager

The training session goes for approx. an hour but your coach / manager will advise this.

When can we start training?

Your team manager will advise the parents when the coach has opted to start training – this is normally a week or two after the kits have been collected by the coach/manager and the grounds become available to train on.

Coaches / Managers please keep an eye out on Facebook for gear bag collection days.

Game day

Games are generally held on Saturday's, game times are advised closer to the game day. Games are normally scheduled from 8.30am onwards.

This information will be provided to you by your team manager. The team draws information is located on the Football Brisbane website.

On game day the players should arrive 20-30min before the start of their game this allows the coach to do a warm up with the kids and time for the children to change into their playing jersey's.

Game duration – these change in each age group, but they are as per the football guidelines.

Team playing Jersey's

On game day the children are supplied with a jersey to wear for the game, at the end of the game all jerseys are handed back in. The Jersey's that are used for the season remain the property of the Football club and cannot be taken home individually, this is to minimise the risk of loss of kit items and the possibility "forgetting" the jersey for the following weeks game.

Each child in the team takes a turn at taking them home to wash the team's jerseys.

Your team manager will provide a "Washing Roster" to the parents.

Fruit Break – Game Day

On game day the games have two halves with a break in the middle, this is when the kids have a break having a drink and some fruit.

The team members each take turns at bringing the fruit for the team on game day.

Your team manager will provide a "Fruit Roster" to the parents.

This is a great way for the team and families to bond but is optional on if your team wants to have fruit during half time.
